## **Why do an online Teaching for Success course?**

There has never been a better time to learn remotely and develop your teaching skills.

- Develop practical teaching skills that will enhance the engagement and attainment of your learners.
- Learn in your own time and at your own pace.
- Apply learning in the classroom as you go along.
- Experience online learning yourself so you can help your learners get the most out of their own online study.
- Get support from us and connect with fellow practitioners from across the Middle East and North Africa region.

## **What kind of certificate will I get?**

The British Council will cover the cost of your certificate.

Your personalised certificate will state the minimum number of hours required per week and the length of the course, and you can use it as evidence of successful Continuing Professional Development and add it to your CV.

You must mark over 90% of course steps as complete and attempt all test questions, achieving a score of over 70%, and then you will receive the certificate as a PDF.
