and Political  
Science**

## About University of London

Established in 1858, the University of London International Programmes is the world's oldest provider of degrees through distance and flexible learning. Today, the University of London International Programmes is truly international in character with over 50,000 students in more than 180 countries.

“EMFSS programmes are provided under the academic direction of London School of Economics and Political Science (LSE). LSE is a world leading social science institution. Its teaching and research is recognized worldwide as a benchmark of quality.

Academic direction means that staff at LSE develops the syllabuses, prepares the study materials, and are responsible for the assessment of International Programmes students.

## Degrees offered at AAST

BSc in Economics and Management, and BSc in Banking and Finance, and BSc in Business and Management, in addition to a Certificate in Higher Education in Social Science (Formerly Diploma in Economics and Diploma in Social Science).

## Teaching Institution

Arab Academy for Science, Technology and Maritime Transport (AASTMT) is a Registered Centre for the University of London International Programmes, this means that in the considered view of the University of London it demonstrates commitment to developing high standards in respect of teaching, support to students and administrative processes.

AAST MT is a regional/ international organization, specialized in education, training and consultation services. It is a non- profit organization under the affiliation of the Arab league of States , and in total conformity with and the full support of all similar organizations worldwide , persistently led by a highly discrete leadership relying on advanced technological management perspectives.

## Degree Awarding Body

Upon successful completion, students are awarded a University of London degree, diploma or certificate under the academic supervision of London School of Economics, in addition to a BSc in Business Administration awarded from the Arab Academy for Science and Technology

## Advantages of the degree
